

Security Analyst – Career Opportunity

Are you....

- A technically accomplished professional with a thorough understanding of security best practices, incident response, and disaster recovery?
- A highly motivated and analytical person with excellent inter personal relations?
- Are you able and willing to mentor and coach team members on security processes, procedures and practices?
- Are you highly organized and able to plan to allow for deadlines, peak periods and unexpected situations where decisions are extremely time sensitive?

If so....

As part of the TCU Financial Group Team, you will be responsible for information security for the organization. You will provide support and guidance in relation to securing resources including the network and communications infrastructure, firewalls, servers/storage, databases and facilities. You will be responsible for implementing and maintaining security frameworks, auditing defenses, writing and maintaining security related procedures, performing threat analysis, event management, security training, and more.

Then....

If you have 3 or more years of experience as a security analyst, knowledge of network security, a thorough understanding of firewalls, SIEM, antivirus, IDPS, DLP, Backup/Recovery and hold a Certified Information Systems Security Professional (CISSP) designation or are willing and able to obtain one in the first twelve months of employment, then this opportunity may be the one for you!

TCU Financial Group is seeking to fill the position of **Security Analyst** located in Saskatoon.

A competitive compensation package is available which includes an enhanced vacation allowance, Group Benefits and a 7% matched Pension Plan.
